

## 附件 5:

本指导教师情况表是否同意上网: 同意 不同意

## 2015 年、2016 年可接收外国留学研究生指导教师情况表 (中英文版)

### Resume of Supervisor

导师姓名: Name of supervisor:	王建军 Jianjun Wang	导师类别: Supervisor Level:	硕导 <input checked="" type="checkbox"/> Master <input checked="" type="checkbox"/>																																
学院 College:	核科学与技术学院/College of nuclear science and technology																																		
学科 Discipline:	核科学与技术/Nuclear Science and Technology																																		
电话 Tel:	15124504889	邮 箱 EMAIL	Wang-jianjun@hrbeu.edu.cn																																
办公地址 Address:	31#374																																		
2015 年拟接收留学生层次及人数 Levels and Numbers of International Students	<input type="checkbox"/> 博士留学生___名; <input checked="" type="checkbox"/> 硕士留学生__1__名 Doctor Candidates __ persons ; Master Candidates <u>1</u> person																																		
2016 年拟接收留学生层次及人数 Levels and Numbers of International Students	<input type="checkbox"/> 博士留学生___名; <input checked="" type="checkbox"/> 硕士留学生__1__名 Doctor Candidates __ persons ; Master Candidates <u>1</u> person																																		
可供留学研究生从事的研究方向: Options of Research Fields for International Students	反应堆热工水力/计算流体力学 Reactor Thermal Hydraulics/Computational Fluid Dynamics																																		
教育背景: Educational Background:	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>院校</th> <th>专业</th> <th>学历/学位</th> <th>起止时间</th> </tr> </thead> <tbody> <tr> <td>哈尔滨工程大学</td> <td>核工程</td> <td>本科/学士</td> <td>1996.9-2000.7</td> </tr> <tr> <td>哈尔滨工程大学</td> <td>核能科学与工程</td> <td>硕士/硕士研究生</td> <td>2000.9-2003.7</td> </tr> <tr> <td>清华大学</td> <td>核能科学与工程</td> <td>博士/博士研究生</td> <td>2003.9-2007.7</td> </tr> <tr> <th>Name of Institution</th> <th>Field of Study</th> <th>Diploma/Degree</th> <th>Date earned</th> </tr> <tr> <td>Harbin Engineering University</td> <td>Nuclear Engineering</td> <td>Bachelor</td> <td>Jul-2000</td> </tr> <tr> <td>Harbin Engineering University</td> <td>Nuclear Sci. &amp; Eng.</td> <td>Master of Engineering</td> <td>Jul-1992</td> </tr> <tr> <td>Tsinghua University</td> <td>Nuclear Sci. &amp; Eng.</td> <td>Doctor of Engineering</td> <td>Jul-2000</td> </tr> </tbody> </table>			院校	专业	学历/学位	起止时间	哈尔滨工程大学	核工程	本科/学士	1996.9-2000.7	哈尔滨工程大学	核能科学与工程	硕士/硕士研究生	2000.9-2003.7	清华大学	核能科学与工程	博士/博士研究生	2003.9-2007.7	Name of Institution	Field of Study	Diploma/Degree	Date earned	Harbin Engineering University	Nuclear Engineering	Bachelor	Jul-2000	Harbin Engineering University	Nuclear Sci. & Eng.	Master of Engineering	Jul-1992	Tsinghua University	Nuclear Sci. & Eng.	Doctor of Engineering	Jul-2000
院校	专业	学历/学位	起止时间																																
哈尔滨工程大学	核工程	本科/学士	1996.9-2000.7																																
哈尔滨工程大学	核能科学与工程	硕士/硕士研究生	2000.9-2003.7																																
清华大学	核能科学与工程	博士/博士研究生	2003.9-2007.7																																
Name of Institution	Field of Study	Diploma/Degree	Date earned																																
Harbin Engineering University	Nuclear Engineering	Bachelor	Jul-2000																																
Harbin Engineering University	Nuclear Sci. & Eng.	Master of Engineering	Jul-1992																																
Tsinghua University	Nuclear Sci. & Eng.	Doctor of Engineering	Jul-2000																																
工作经历: Professional Experience:	2007-2009, 哈尔滨工程大学, 讲师 2009- , 哈尔滨工程大学, 副教授 2007-2009, Harbin Engineering University, Lecturer 2009- , Harbin Engineering University, Associate Professor																																		
学术活动: Academic Activities:																																			
发表文章: Publication:	1. Numerical study of nuclear coupled two-phase flow instability in natural circulation system under lower pressure and lower quality. Nuclear Engineering and Design, 241, 4972-4977, 2011 2. Oscillation propagation in neural networks with different topologies,																																		

	<p>Physics Review E, 83, 031909, 2011</p> <p>3. Optimal Design of vertical natural circulation steam generator, 252, 167-178,2012</p> <p>4. Doubly stochastic coherence in complex neuronal networks, Physics Review E, 86, 051914, 2012</p> <p>5. Study on the behaviors of a conceptual passive containment cooling system, International Conference on Nuclear Engineering, 2013(Accepted)</p> <p>6. Numerical analysis of containment response under accident conditions, International Conference on Nuclear Engineering, 2013(Accepted)</p> <p>7. CFD simulation of dust particle removal efficiency of a venture scrubber in CFX, Nuclear Engineering and Design, 256, 169-177,2013</p>
